THE NEW York HERALD was founded by James Gordon Reunett in 1825. It remained the sole property of its founder until his death, in 1872, when his son, also James Gordon Bennett, succeeded to the ownership of the paper, which remained in his hands until his death, in 1918. The Herald became the property of Frank A. Munsey, its present owner, in 1920.

Chance for a Solomon.

From the Mining Congress Journal.

Two letters recently broke into the comparatively uneventful business existence of a correspondence clerk in the Bureau of Mines. One of these missives bore the postmark of a little Western mining town. The letter was written in a draggy, uncertain scrawl, with a on the end at a raking angle. The n would writer sought information, lots of it. Leading off with a simple query as to when the bureau's 1921 reports on every-thing from silk neckties to onyx cameos would be ready, he stepped into a veri-

expedition starts off to the Cocos Islands or any other place?" he asks.

"Where are the most birds of paradise found, and how big are their eggs?" found, and how big are their eggs?"
"Can you give me the names of all the
foreign and domestic comparies handling eyeglasses, telegraph instruments,
water gauges, periscopes, ore finders,
hearing horns, electrical churns, curling
irons and aluminum cooking tools?"
And so on through three pages.

The other gem par excellence which the mail man brought told of the ambiin abundance still to be recovered.

Besides the millions that went down in wrecks in the Atlantic there is wealth buried on the land. There of the boys were said to be wealth buried on the land. There of the boys were said to be smilling.
